### Ozone Treatment

#### Removing Odors In Cars, Trucks & SUV's

If a vehicle has a strong odor such as a cigarette smoke the best way to remove that odor is to blast the vehicle with a **High Ozone Shock Treatment**.

The way we do this is to thoroughly shampoo carpets, seats, headliner & clean interior surfaces. We then place a high powered ozone generator in the vehicle & run it until the odor is removed.

**ONLY \$69.95**

\*Service only available with Classic and Ultimate Detail.
